**Re: CC Docket No. 02-6, WC Docket No. 13-184
Notification of *Ex Parte* Presentation
Electronic Classroom of Tomorrow**

Dear Ms. Dortch:

Pursuant to §1.1206(b)(2) of the Commission's rules, Electronic Classroom of Tomorrow ("ECOT"), by its undersigned counsel, hereby submits this notice of an *ex parte* presentation in the referenced proceedings relative to emails that it sent today, September 27, 2016, to the following FCC Wireline Competition Bureau members and Commission staff:

- Aaron Garza, Cara Voth, Bryan Boyle and Kate Dumouchel of the Telecommunications Policy Division of the FCC's Wireline Competition Bureau
- Amy Bender, Legal Advisor, Wireline, Office of Commissioner O'Rielly
- Travis Litman, Senior Legal Advisor, Office of Commissioner Rosenworcel
- Nicholas Degani, Legal Advisor, Wireline, Office of Commission Pai

In the emails, ECOT presented a follow-up to its September 21, 2016 meetings at the FCC with the above-listed Bureau members and staff. ECOT informed the email recipients that it had misstated during their meetings that ECOT had obtained a billed entity number for a data center used by its service provider, Easton Telecom, to provide ECOT with Internet access to stand-up its virtual school. In fact, even though ECOT had been instructed by USAC to obtain a billed entity number for the data center, ECOT had disagreed with USAC's advice and had not obtained the billed entity number for the 2015 Funding Year.

In addition to providing the above clarification, ECOT also provided the email recipients with a courtesy copy of an ECOT appeal filed with the FCC on September 26, 2016.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Rebecca Jacobs', with a large, stylized loop at the end.

Rebecca Jacobs
Counsel to the Electronic Classroom of Tomorrow
